

Internet Dangers

Fake Updates

The screenshot displays a video player showing a webpage designed to look like a Chrome update notification. The webpage has a white background with a large, semi-transparent Chrome logo in the center. Below the logo, the text reads "You need to update your browser to view the content!". Underneath this text is a prominent blue button labeled "Update Chrome". Below the button, it says "For Windows 11/10 64-bit." There is a checked checkbox with the text "Help make Google Chrome better by automatically sending usage statistics and crash reports to Google. What are crash reports?". Below this, there is a line of text: "By downloading Chrome, you agree to the Google Terms of Service and Chrome and ChromeOS Additional Terms of Service". At the bottom left of the webpage, there is a dark grey button that says "MORE VIDEOS". The video player interface at the bottom shows a play button, a volume icon, a progress bar at 0:11 / 8:22, and the YouTube logo. The video title "Fake Chrome Update Malware" is visible at the top of the player.
